REPORT NO. 25X1X

25X1X 2. [REDACTED] states that, following the recent anti-communist campaign by the Lebanese Government, the Communists in the Biqa' are beginning to get their courage back and become active again. The victories achieved by the North Korean troops, particularly, have helped to lift their morale.

25X1X 2. [REDACTED] states that the Communists are spreading the rumor that Soviet troops are already concentrated on the Iranian frontier and are only awaiting the word to invade the Arab countries, which could not hold for more than a week before the "glorious and powerful invaders."

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
